SIR,

Reg. T.

Adverting to Government Order No. E. 971-1020/C.R.B. 7-25-1 dated 31st August 1925 laying down the minimum qualification for a teacher in Middle Schools including Incomplete Middle Schools as a pass in the S.S.L.C. Examination, I have the honour to bring to the notice of Government that it has been found by experience that for the teaching of non-English subjects in Middle or Incomplete Middle Schools -such as History and Geography, Hygiene etc.- a man with the Upper Secondary qualification is better fitted than an S.S.L.C. holder for two reasons. Firstly the man with the Upper Secondary qualifications is generally a man who is in service as a teacher and has had experience. Besides, having studied the subjects in Kannada in the Upper Secondary class he has got a better command over the Kannada language in which these subjects are taught in Middle and Incomplete Middle Schools and can express himself in Kannada much better than an S.S.L.C. holder. Secondly though he might not have undergone normal training yet as he has undergone the Upper Secondary course in a training institution and receive instruction under trained teachers in a training environment he is better fitted to handle a class. In the Conference of Educational Inspecting Officers held on the 6th, 7th and 8th

September 1926 it was resolved that Upper Secondary should be treated as an alternative qualification to S.S.L.C. for appointments in Middle and Incomplete Middle Schools. In these circumstances I request that Government may be pleased to include a pass in the Upper Secondary Examination as an alternative qualification for a pass in the S.S.L.C. Examination for appointments in Middle and Incomplete Middle Schools, and permit appointing Officers to promote men already in service possessing the Upper Secondary qualification and drawing lower pay, to the appropriate class when vacancies occur in that class, without restriction of the rules of proportion.

I may add that the number of candidates obtaining the Upper Secondary Qualification in any year is so small in comparison with the number of S.S.L.C. candidates, so that there is no fear at all of any large proportion of Upper Secondary hands, without a knowledge of English, being appointed to the Middle Schools.

I have the honor to be,

Sir,

Your most obedient servant,

Assistant Inspector General of Education,
For Inspector General,
Absent from station.
